A UNIQUE EVENT.

Having Faith in Relationships

Young people today can avail of fast moving technologies and social media sites that are full of information about choices, decisions and desires about relationships, friendships and life choices. Often this can leave a young person confused and vulnerable about the best direction to take.

Among all the pressures and influences, you play a unique role in helping young people navigate their way through life, choices and decisions. Living in an increasingly 'virtual' world rediscover the art of good communication between you and your child/young person.

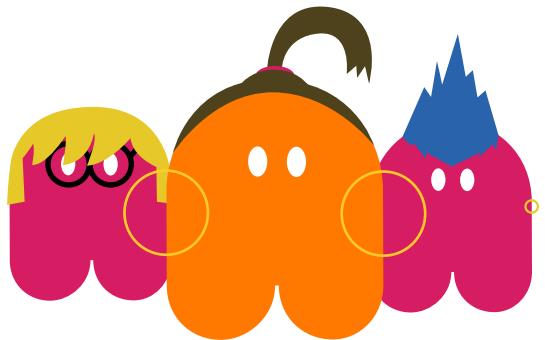

- Understand the world of young people
- Explore ways of communication
- Identify skills in how to listen
- Have faith in relationships

To book your place, please RSVP:
